Great electronic book and useful one. It can be writter in straightforward terms rather than difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

The bill would codify the activities of the programs existing national coordi-nation office. Activities currently include creating a strategic plan, soliciting input from various stakeholders, and coordinating peri-odic reviews of agencies information technology activities. H. R. 2020 also would require the director of the program to evaluate and make recommendations on new projects of national importance related to high-performance computing. Finally, the legislation would require that a task force of industry and academic experts develop certain information technology systems. Based on information from the NITRD program office, CBO esti-mates that implementing H. R. 2020 would cost about 500, 000 an-nually, subject to the availability of appropriated funds. That amount includes the costs to support the task force and lead the evaluation of high-performance computing. Enacting the bill would not affect direct spending or revenues. H. R. 2020 contains no intergovernmental or private-sector man-dates as defined in the Unfunded Mandates Reform Act and would not affect the budgets of state, local, or tribal governments. The CBO staff contact for this estimate is Leigh Angres. The es-timate was approved by Peter H. Fontaine, Assistant Director for Budget Analysis. XI. C W P L 104 - 4 OMPLIANCE ITH UBLIC AW H.
