Brand New Book ***** Print on Demand *****.Zombie Apocalypse FictionThe old world may have turned to ruin, but new cities have risen from their remains. Even more corrupt and sinful than their forbears. Most of those who remain prefer to hide behind their high city walls than think about the monsters that dwell on their borders. Evolution isn't something that humans should have ever meddled in, but it's too late to turn back the clock. The creatures that they created are only growing stronger by the day. Once like you or I, those who have changed are now incapable of rational thought. Driven only by the most basic primal instincts that remain in their shattered minds, these creatures relentlessly hunt the living. There are some who still choose to avoid the cities and live in the wasteland. Members of a twisted faith who draw their teachings from what few relics they could save from the ruins. More dangerous than the infected some say. And there are some who make their living in blood, by hunting down the creatures that plague the earth and exterminating them. Men such as Kurt Vallance.
