Reviews

The most effective publication I have ever read. This is certainly for all those who state that there had not been a worthy of looking at. Its been printed in an extremely straightforward way which is merely soon after I finished reading this publication where basically changed me, change the way in my opinion.

As the eyes of the army, the cavalry was to guard the mountain passes with part of his force while the Army of Northern Virginia was still south of the Potomac River, and then cross the river with the remainder of his army and screen the right flank of Confederate general Richard Stoddert Ewell's II Corps as it moved down the Shenandoah Valley, maintaining...
