Reviews

The publication is easy to read and better to understand. It is written in basic words and phrases rather than hard to understand. You won't truly feel monotony at any time of your respective time (that's what catalogues are for about if you question me).

Barron's Educational Series. Paperback. Book Condition: New. Mike Gordon (illustrator). Paperback. 32 pages. Dimensions: 8.1in. x 7.3in. x 0.2in. When children take a trip to the countryside, some of them are rowdy and careless, breaking tree branches and scattering trash. But if everyone acted that way, there would soon be no trees, no birds, and the fields would be ugly and unsafe for both animals and people. Part of every child's development involves asking questions. Today, some of the most important questions kids ask are related to the natural environment. The enlightening and entertaining four-book *Why Should I* series demonstrates the importance of protecting nature. Books present brief, entertaining stories that answer children's questions and feature amusing color illustrations on every page. A note at the back of each book is for parents and teachers, suggesting ways to use these books most effectively. This item ships from multiple locations.
