Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.10 simple projects to make with a Personal CNC Router in your home workshop. The ideal starter for newcomers to using a CNC Router - no previous experience necessary. The basic concepts covered in this book are engraving, carving, component machining, craft projects, furniture making and clock making. A range of materials will be machined from plastic signs, solid wood, plywood, Corian, and acrylic sheet (Plexiglas / Perspex). The opportunities are endless on the type of material that can be machined and the projects that can be tackled. You are only limited by your own imagination. The only requirement is for the user to have a 3 axis CNC machine capable of 3D operation. The ideal bed size for these projects is 300mm x 300mm (12quot; x 12quot;) but larger is fine. Many of the projects will work on a smaller bed size of 280mm x 220mm (11quot; x 8.5quot;).
